DETAILED ACTION

Response to Amendment

The applicant's amendment received 5-2-2005 overcomes the primary examiner's prior art rejection. **Hence claims 1-4, 7-10, 13-16, 19-22 and 25 are allowed.**

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Change claim 14 to depend from independent claim 13.

The application has been amended as follows:

14. The system of Claim ~~14~~ 13, wherein the third service class comprises a best effort (BE) class of service, the second service class comprises an assured forwarding (AF) class of service, and the first service class comprises an expedited forwarding (EF) class of service."

Allowable Subject Matter

The following is an examiner's statement of reasons for allowance:

1. The applicant has amended per the primary examiner's recommendation.

Each previously rejected independent claim was amended with material that is novel in the examiner's opinion:

"...wherein the third service class comprises a lower priority than the first service class and the second service class comprises a lower priority than the first service class, and wherein unused voice bandwidth is used to accommodate the bandwidth requirement before using the unused bandwidth allocated to the third service..."

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
